

*With Us,  
The Solution  
Is Well Within Reach...*

**TOLUN Consulting  
Solar Energy**

TOLUN Consulting Trading company deals with commercial and legal issues primarily with Turkey and other foreign countries.

TOLUN conducts its activities in consulting and representation in various industrial sectors like telecommunication and cement sector.

Having its head office in Switzerland and liaison offices in Turkey, TOLUN has the opportunity to represent many companies and products in the markets dominated by these two countries and in Europe.

In addition to its international activities of over 15 years TOLUN now provides services in the renewable energy resources sector.

### **Providing coming together with European companies, commercial and legal support**

These services are provided in the following fields :

- Consulting
- Finding partners, technology transfer
- Partnership with technology companies
- Engineering services
- Building manufacturing plants
- Providing system components

With Us,  
The Solution  
Is Well Within Reach...
